

Join the Ocean Research & Conservation Association (ORCA) for our premier fundraising event, **ORCA's Explorer's Experience**, hosted at the cutting-edge headquarters of Triton Submarines. This one-of-a-kind evening invites community leaders, environmental advocates, and ocean enthusiasts to gather for an unforgettable night of dinner, drinks, and discovery—all inspired by the mysteries of the deep sea.

Surrounded by state-of-the-art submersibles designed to explore the ocean's most extreme depths, guests will enjoy locally sourced cuisine, live music, and indulge in a silent auction.

Proceeds support ORCA's mission to protect and restore the Indian River Lagoon and surrounding coastal ecosystems through innovative technology, science-based action, and community engagement.

Founded in 2005 by renowned marine biologist and deep-sea explorer Dr. Edie Widder, the Ocean Research & Conservation Association (ORCA) has become a leading organization in Indian River Lagoon conservation—gathering scientifically sound water quality data, translating complex science into accessible information, and empowering communities to take meaningful action to protect their local environment.

We invite you to be part of this extraordinary evening by becoming an event sponsor. Your support will help amplify ORCA's mission and make a lasting impact on the health of our treasured waterways. Please take a moment to review the attached sponsorship form and consider joining us in making a difference for the Indian River Lagoon and beyond. Together, we can chart a course toward a cleaner, healthier future for our oceans.

EXPLORER'S EXPERIENCE

2026 Sponsorships

Join us for the Ocean Research & Conservation Association's (ORCA) premier fundraising event on February 28, 2026, at Triton Submarines' headquarters in Sebastian, FL. This unforgettable evening including dinner, drinks, a silent auction and deep-sea inspiration, supports ORCA's mission to protect and restore the Indian River Lagoon. Sponsorship offers valuable exposure and highlights your commitment to environmental conservation and innovation.
